

Welcome to our school; a school renowned for its academic achievements, effective discipline and focus on the growth and development of every child.

At Eumundi we see each child as an individual.

Eumundi Primary is a school with a proud heritage and genuine concern for the students and families of the local Eumundi community.

The school offers a comprehensive and responsive curriculum based on an inquiry based learning approach. This approach aims to stimulate each student's curiosity and creativity culminating in a love of learning. Active citizenship, the development of responsibility and self-discipline are an integral part of our school's supportive, caring environment.

If you are looking for a school with a modern approach to education combined with traditional values then I invite you to visit our school and meet our professional staff and myself. We would welcome the opportunity to share in the development of your child because at Eumundi we believe that – "While we live we grow."

Thank you for taking the time to visit our school website. I hope you find it enlightening and useful. Should you require further information please contact the school on 0754 726333 or myself at the.principal@eumundiss.eq.edu.au.

Enjoy your visit.
